And Chillicothe will

CELEBRATE

The Glorious Fourth in
Appropriate Style.

RACES IN THE AFTERNOON.

Fire Works and Grand Ball at Night.

At a mass meeting of the citizens of Chillicothe at the City Hall, Tuesday night, the committee on finance reported the money raised to defray the expenses of celebrating the Fourth and it was then and there decided that the citizens of Chillicothe would celebrate the 109th Anniversary of our National Independence as true patriots should. The committee on programme have not yet determined all the details, but there will be:

Orations by noted orators.

Music by several brass bands.

Races at the race course—fast horses to be entered.

Grand ball at City Hall at night.

Grand display of Fire Works at night.

Numerous other amusements during the day.

Our beautiful park, which has just been seated at the expense of the city, will be handsomely decorated and arranged for the convenience, comfort and enjoyment of the multitudes.

For further particulars see bills and next week's issue of this paper.

—Miss Rosa Koehler, of Mooresville, and Miss Minnie Brown, of this city, who have been attending school at Columbia, returned home, Saturday night.

—Three C's.—There are three C's that scare the children and carry them off, and the scolding mother, weeping seas of tears, see her little ones borne away to the cemetery. The three C's are colds, coughs and croup. Mothers! Dr. Bull's Cough Syrup saves the little one's lives!

—I have a small lot of well selected place goods. I still keep samples representing \$10,000 to select from. I will give satisfaction. Call on me.

T. C. HOGAN, Tailor.

—Circuit Clerk Munro has employed J. L. Davis to make transcripts of the documents in the case of Turner vs. Johnson. Mr. Davis has engaged several young ladies to help him with the work.

—Wm. C. Coon, brother of Minor Coon, of this city, died, last week, at Denver, Colo., after a brief illness of 24 hours. Mr. Coon formerly lived at this place, and was a young man highly esteemed.

—Coston is selling the new improved Walter A. Wood Twine Binders, very low for cash, or on three seasons' payments. He also sells the latest improved Reapers and Mowers. Call and see the Boss Binders, Reapers and Mowers.

—Eld. J. E. Pardoner is the owner of a wonderful chicken which was hatched ten or twelve days ago. It has four legs, three of which it uses in walking, the fourth one being a little shorter than the others. Mr. Pardoner will take pleasure in showing the curiosity to all that wish to see it.

—If you need queensware and glassware, go and select from that fine, large stock kept by Henry Kase. Nowhere in North Missouri will you find a stock as large or of as great variety. He buys his queensware, chiefly, direct from foreign markets, it being universally admitted that while our manufacturers excel in a great many things, the old countries can beat us in making queensware, from some cause or other—probably the material of which they make it. He gets these goods cheap and will retail at correspondingly low prices.

—A young "blood" of Utena, dying for some one to love, advertised in one of the Washington papers for lady correspondents, signing his name as Frank May. The Herald, last week, published a list of the advertised letters, and 46 of them were found addressed to Dr. May. It now appears that Frank cannot get his letters because the name is a non de plume.

—Kase has received a large invoice of glass and stone fruit jars. He can supply any kind and quantity you may want.

—J. Y. Powell has a good apple orchard, and last year it was covered with a curious kind of grass. This year the curious grass has all disappeared and there is a fine growth of almost pure timothy, and he says he did not sow any timothy seed in it or know of any one else sowing any. The orchard has been in his charge for the past twelve years. Query: What became of the curious grass, and where did the timothy come from?

—Let the town be thoroughly cleaned and otherwise put in good sanitary condition. Let us not wait for pestilence, but provide against its coming. The Board of Health has been and should continue to be active. The members of the Board inform us that they will prosecute any and all persons, high and low, men or women, who shall refuse or fail to comply with the orders of the Board.

—For glass and stone fruit jars go to Kase's grocery and queensware store, where you will find a large stock at bed-rock prices.

—A war between the hotel runners broke out, last Friday. The guns they used were applications to the City Recorder for warrants for running for hotels without license, without badge, etc., but as the Recorder made a rule that the prosecuting witness should give security for costs, the war didn't last long.

—When the system is weakened through debility or other cause, a strong tonic medicine is what is needed. James Donaghy, of Zanesville, Ohio, writes: "This is to certify that I have been suffering from general debility and loss of appetite for more than three months. Hearing of the wonderful curative properties of Miller's Herb Bitters, I tried three or four bottles and am entirely cured."

—Thos. R. Brassfield of Jackson township, is again in our jail. Tuesday Mrs. Judah Stockwell, his wife's mother, came to this city and swore out a warrant charging Brassfield with an attempt to ravish her. Tuesday night, Constable Smith, accompanied by Marshal Meek, went to his home, arrested him, brought him here and placed him in jail. His examination will probably come off, to-day.

—The slaughter house just south of the city, was burned, Sunday night, together with its contents—an dressed beef, two dressed sheep and five live sheep, all the property of Smiley Tyler & Co., also one dressed sheep and nine live ones, the property of J. F. Johnson. No insurance. The fire is supposed to have been the work of an incendiary.

—Mr. M. E. Davis who attempted suicide, last week, by cutting his throat, is rapidly recovering. The reason, he says, why he attempted the rash act was because his family had him arrested for beating his wife. Mr. Davis had been drinking to excess, and his brain was crazed by liquor. He expressed no wish to try again to take his own life. The weapon with which he attempted to kill himself was a pocket-knife, and not a razor as was first reported.

—This is the time of year when those who do the marketing are puzzled. "What to get for dinner?" and "What to get for supper?" are questions hard to answer, unless you go to Kase's Grocery Store—there you can easily decide these questions. Kase has a large stock of canned goods. Canned corn, canned sweetash, canned California tomatoes, apricots, golden drop plums, and white potatoes. Canned tomatoes, canned peaches, canned pineapples, canned cranberry sauce, canned blueberries, canned beef, canned salmon, canned lobsters, canned Little Neck clams. He has also excellent dried beef, Cream Cheese, Cod Fish, Mackerel, White Fish and Trout.

Teachers' Review.

Thinking that a few questions for review would be of some interest to the teachers, I submit the following on Geography:

1. Give three proofs of the roundness of the earth.

2. Name the zones and their boundaries.

3. Name in order of population the five largest cities in the world.

4. What is the latitude and longitude of Chillicothe?

5. Define trade winds.

6. What is the difference between a geographical mile and a statute mile?

7. Name the capital cities of South America.

8. Name the state officers of Missouri.

9. What is the international date-line?

10. Locate Naples, Sydney, Auckland, Gondar, Belfast, Fort Benton Bombay and Vicksburg.

11. Name the five largest cities in Missouri. In what county is each?

12. What is the greatest latitude and longitude a place can have?

When Baby was sick we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

Institute.

A Teachers' Normal Institute will be held at this place in July and August, commencing the 27th of July, and continuing two weeks. Every teacher in the county is expected to be present.

Prof. J. L. Schmitz, principal of our city schools and one of the best institute workers in the state of Missouri, has kindly consented to help us. Other competent instructors will be present. Teachers, will you come and help us? Although we cannot compel you to attend, yet we believe that it is the duty of every teacher in the county to come, not only for his own benefit, but for the benefit of those whom he will instruct hereafter.

Respectfully,
R. R. DIXON,
School Com.

Advice to Young Teachers.

1. Go to school each day in good time.

2. Have a programme prepared which will give proper time for preparing and reciting each lesson; also a sufficient number of recitations for small and large pupils during each session.

3. Have each day's work carefully prepared before coming to school so as to be able to hear recitations without a book in hand, and give the proper direction to the pupils when the lesson is assigned.

4. Call on the dull pupil to recite as frequently as the bright one, if not more frequently.

5. Speak to pupils in a pleasant and friendly way, and ask them to do certain favors instead of commanding them to do so.

6. Teach the pupils to think for themselves by putting subjects in such an order as to invite thought.

7. Make good use of blackboards, maps, charts, etc.

8. Avoid leading questions, such as would indicate the answer desired.

9. Train pupils to study quietly, recognizing the fact that pupils study with their brains, not their lips.

10. Make good use of the dictionary.

11. Keep the school room neat and clean.

12. In making or enforcing rules, look back to your own childhood; recall your own experiences, your own notions, your impulses. Put yourself in the place of the child to be governed, then act.

Wanted.

A few more farms to sell. Also some buyers for the same.

44-44 J. E. EVANS.

From Grand River Township.

JUNE 16, 1885.

EDITOR CHIEF:—I take this opportunity to write you a few lines.

The farmers are having a very bad crop year thus far, a great many having to plant their corn two or three times, and then it does not come in the low ground.

Mr. Elijah Hastings, a nephew of Mrs. McDaniel, returned to Michigan on last Friday.

Mr. Jas. G. Houx has not issued, or had Mr. Cleveland to, that bucket of silver to the people yet, "and don't you forget it."—Abe Marks.

Turn the crank a little longer, Jim, while I hold my hat under the spout.

They say George Davis got up the other morning, rubbed his eyes and said: "Am I Republican, a prohibitionist, or what am I?"

J. H. Baugh goes around with his usual smile, because there is plenty of tobacco season for the farmers.

Uncle Milt McDaniels says he would be all right if it was not for his stomachache, "but oh, my, how it hurts sometimes."

Mr. Neffs, well, he is the same as ever, and Ben Wilson is still betting on Ben Butler.

They are going to build a seven hundred dollar school house at Bedford.

The old Hoffman or Saunders House, the largest house in Bedford, has been torn down and removed.

A Sunday School has been organized at Grace church.

Quite a wind and rain storm went through here last Saturday afternoon.

It moved the old post office building at Hale and blew two freight cars to the east end of the switch.

Understand Frank Moore has sent for a car load of nippers to sell to the farmers to pull their oats with. From the looks of things they will be needed.

There will be a basket meeting held in the grove near the Louisa school house, on next Sunday, the 21st inst., conducted by Eld. Matthew Simpson.

R. B. Hoover's store at Hale caught fire, this morning, but was extinguished before much damage was done.

On the 25th of last March State Treasurer Seibert sent D. M. Wilson a draft for \$100 to Hale, Mo., but by mistake it went to Hale's Station, was taken out by a man of the same name, but was returned to the postmaster, Hiram L. Browder, who indorsed Wilson's name on the back of it and cashed it at a bank in St. Joseph. "This draft was returned to Seibert, who knows Wilson's signature, and declared it a forgery." Browder refuses to make any explanation whatever and was sent to jail in default of \$1000 bond, "where he ought to be for some time."

TOBACCO DEPENDENCY.

An Editor's Tribute.

Theron P. Kraker, Editor of Ft. Wayne, Ind. "Gazette," writes: "For the past five years I have always used Dr. King's New Discovery for Coughs and Croup, and it has cured me of a number of types. It never fails to effect a speedy cure. My friends to whom I have recommended it speak of it in the same high terms. Having been cured by this remedy, I have had for five years, I consider it the only reliable and sure cure for Coughs, Croup, etc." Call at N. J. Sweetland & Co's Drug Store and get a Free Trial Bottle. Large size, \$1.00.

MARRIED.

BROOKS—RAMBO—At Avalon, Mo., June 7, 1885, Mr. T. L. Brooks and Mrs. LENA L. RAMBO, both of Fairview township.

Very Remarkable Recovery.
